“Pupil’s pride in work and their diligence are promoted consistently. Consequently, pupils throughout the school take good care with their work and try their best, working with concentration and perseverance. Pupils behave well and their spiritual, moral and social and cultural development is good because the school promotes their personal development well. There is some extremely good subject expertise and lessons are often lively. Teaching is good in the Senior Department where students achieve well and reach above average results in English, Mathematics, Science and ICT.

HMI OFSTED Inspector October 2007.
